<b>Applicants must earn a minimum passing grade of C to receive Transfer Credit. Integrative Studies (General Education) courses listed in the matrix represent the best course equivalents. Alternative courses may be taken instead.</b>					

NewSchool understands that for some students the difference between transferring to a desired institution and waiting another quarter, semester, or even a year, may be pending General Education courses. For some students, this may be the result of changing desires, goals or disciplines, and for others this shortfall may have come about unexpectedly. To ensure that all students (who are otherwise academically and financially prepared to be successful at NewSchool) may begin their studies on time; we reserve the right to allow transfer students to begin their studies with General Education courses pending a case by case review of courses leading to possible transfer credits. These required courses may be completed at NewSchool. The Director of Integrative Studies and the Academic Advising Office will work with each student individually to ensure that all pre-requisites are met and that each student is prepared for academic success while studying at the NewSchool of Architecture & Design.
