*All GE courses must be completed with a minimum grade of "C" or better to earn transfer credits. Courses listed in the matrix represent the best course equivalents. Alternative courses may be taken instead, please refer to the NewSchool transfer page for more details on acceptable courses that substitute for required GE courses at NewSchool. Students are required to take additional upper and lower division GE courses at NewSchool to complete their degree. Students may be awarded additional GE transfer credits for any GE courses completed with a minimum grade of "C" or better that meet the course and credit requirements to earn a NewSchool degree.*

*NewSchool understands that for some students the difference between transferring to a desired institution and waiting another quarter, semester, or even a year, may be incomplete General Education credits. For some students, this may be the result of changing desires, goals or disciplines, and for others this shortfall may have come about unexpectedly. To ensure that all students (who are otherwise academically and financially prepared to be successful at NewSchool) may begin their studies on time; we reserve the right to allow transfer students to start at NewSchool even if some required General Education courses are pending. This determination will be made following a case by case review of all transfer credits, and if approved, the remaining GE courses may be completed at NewSchool. The Director of Integrative Studies and the Academic Advising Office will work with each student individually to ensure that all pre-requisites are met and that each student is prepared for academic success while studying at the NewSchool of Architecture & Design.*
