

ESTIMATED COSTS 2026- 2027

Consider the following estimated educational costs when making decisions about your financial aid award package (scholarships, grants, work study, and loans).

Direct Costs are items that will appear on your bill. They include but are not limited to:

Undergraduate Programs

Program	Tuition (per credit)	Operation Fee (per quarter)
Architecture	\$859	\$200
Construction Management	\$859	\$200
Graphic Design and Integrative Media	\$691	\$200
Interior Architecture	\$691	\$200
Product Design	\$691	\$200

Graduate Programs

Program	Tuition (per credit)	Operation Fee (per quarter)
Architecture	\$918	\$200
Construction Management	\$708	\$200

Your direct costs and your financial aid eligibility may change if your number of credits changes. Always consult your Financial Aid Officer when considering a change in your course load. A Graduation Fee of \$250 will be applied in the a student's last scheduled quarter.

If your direct costs exceed the amount of financial aid you will receive, please meet with Financial Aid to discuss your options or make arrangements for cash payments with the Business Office.

Indirect Costs are not billed to your student account, but are outside expenses you may incur in your academic year. They are based on whether you live at home or on your own. You may apply for financial aid to cover these costs as well.
